Let the
muslims
sound
begin

This scene is
tough to draw...

Thus,
Snology was born.

I worked on Nightmore Factory
on and off since High School.

Snology began as some stress
relief doodles but this comic took off before
Nightmore Factory. So now when a reader
says "To be honest, I like Nightmore
Factory more than Snology.
You should work on it more."

HOLY SHIT.
THAT'S GENIUS!

Nightmare Factory?
Thanks, I work hard
on it—

NIGHT
MARE
FACTORY

3 years ago,
I was working
on my main
series, Nightmare
Factory when...

I'm just gonna
doodle to relief
stress

It was my
original intention...
I got derailed.

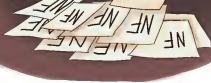

You can find Nightmore Factory
in the Challenge League section
of Webtoon.

SNAILORDS

Derailed

No, this doodle!
This is genius!

I hope
you're
kidding
